PROFESSIONAL SUMMARY

I am Ali Torkaman; a Graphic Designer and Full-Stack Developer. The combination of visual art and coding logic allows me to create projects with stunning aesthetics and flawless technical performance.

I love problem-solving, learning new technologies, and turning complex ideas into simple, engaging user experiences.

WORK EXPERIENCE

Management and collaboration on small-scale projects in photography studios, internet cafes, and copy centers.

My career path includes visual design, direct client communication, and simultaneous multitasking in high-pressure environments. This experience has honed my flexibility, speed, and team coordination to a professional level.
